The Army JROTC Dress Blues uniform comprises several important components, each with exact requirements regarding size, location, and condition. Failing to meet these criteria can result in correctional steps.

- **The Coat:** The primary component, the Dress Blues coat is usually a dark blue, single-breasted jacket. Verify it fits appropriately, neither too snug nor too flabby. Buttons should be securely fastened, and any wear should be mended immediately. Faulty buttoning is a typical error.
- **The Trousers:** The trousers, also dark blue, should

be crisply pressed and correctly creased. The length should be such that they fall gently over the shoe. Unnecessarily long or short trousers are improper. The girdle should be correctly fastened, and the buckle should be noticeable.
