The **Livro de Magia Negra São Cipriano** isn't a single, definitive text. Instead, it exists in numerous variations, often handwritten and passed down through generations. Its origins are shrouded in mystery, with no definitive historical evidence linking it directly to the historical Saint Cyprian. Many versions contain a mix of Catholic prayers, incantations seemingly derived from various occult traditions, and instructions for rituals utilizing candles, herbs, and other materials. These variations reflect the syncretic nature of Brazilian spirituality, blending indigenous beliefs, African traditions brought by enslaved people, and elements of Catholicism. The sheer number of different versions highlights the book's evolving nature, with each copy potentially reflecting the unique beliefs and practices of its owner or scribe.

Some scholars argue that the association with Saint Cyprian is a later addition, designed to lend an aura of legitimacy or perhaps even to reconcile magical practices with a dominant religious framework.
