The benefits of Innovet Select depend entirely on the specific product. Let's consider a few examples to illustrate. Many Innovet Select formulations aim to alleviate specific health concerns in animals. For example:

The Innovet Select manual for this product would detail the recommended dosages based on weight and the potential benefits and side effects. One benefit often touted is its potential to reduce anxiety in animals, particularly during stressful situations such as travel or vet visits. *Important Note: Always check your specific product manual for details on CBD content.*
